I certify that to the best of my knowledge the information contained in this report regarding LOAD|Watch is true and accurate and complies with MCL 460.10ee and R 460.10112.

Scott A. Pifer
Director, System Operations

DTE Electric Company (DTE Electric) submits this annual Code of Conduct report for calendar year 2022 pursuant to R 460.10112. The Company reserves the right to amend or supplement this Report as necessary and reserves the right to object to any specific disclosures as they may arise in the future.

Questions regarding the contents of this Report should be directed to Andrea Hardy, Principal Project Manager – Regulatory Affairs, One Energy Plaza, Walker Cislser Building, Detroit, MI 48226, or 313-235-8929 or andrea.hardy@dteenergy.com.

Rule 12(1)(a)

Utilities shall file the code of conduct annual report information required under section 10ee(6)(c) and (15), 2016 PA 341, MCL 460.10ee, no later than April 30 of each year in the docket in which the utility filed its notification for a new program or service, or in a new docket for an existing program or service. Code of conduct annual reports shall include all of the following:

(a) Designation of a corporate officer of the utility who will oversee compliance with these rules and be available to serve as the commission's primary contact regarding compliance.

RESPONSE

Marco A. Bruzzano, Sr. Vice President, Corporate Strategy & Regulatory Affairs, will oversee compliance with these rules. Andrea Hardy, Regulatory Affairs Operations (313-235-8929) will be available to serve as the Commission's primary DTE Electric contact regarding compliance.

Rule 12(1)(b)

Utilities shall file the code of conduct annual report information required under section 10ee(6)(c) and (15), 2016 PA 341, MCL 460.10ee, no later than April 30 each year in the docket in which the utility filed its notification for a new program or service, or in a new docket for an existing program or service. Code of conduct annual reports shall include all of the following:

(b) An organizational chart of the parent or holding company showing all regulated entities and affiliates and a description of all programs and services provided between the regulated entity and its affiliates.

RESPONSE

Please refer to Attachments 12(1)(b)-1 that shows an organizational chart of the parent company, DTE Energy Company and all regulated entities and affiliates as of 12/31/2022.

Please refer to Attachments 12(1)(b)-2 that contains a description of all programs and services provided between DTE Electric and its affiliates as of 12/31/2022.

Rule 12(1)(c)

Utilities shall file the code of conduct annual report information required under section 10ee(6)(c) and (15), 2016 PA 341, MCL 460.10ee, no later than April 30 of each year in the docket in which the utility filed its notification for a new program or service, or in a new docket for an existing program or service. Code of conduct annual reports shall include all of the following:

(c) An overview of the report year, including a detailed accounting of how costs were apportioned between the utility and the value-added program or service, expectations for the following year, and any 5-year projections available for each value-added program and service.

RESPONSE

DTE Electric has four value-added programs – LOAD|Watch (an energy monitoring service), TreeGuard (service line assurance), Surge Protection (protection from voltage surges) and Decorative Post Lamp (lighting). See the tables below for each program.

Massachusetts Formula (Mass Formula) – For reporting purposes this calculation is used to allocate indirect expenses across organizations using the organizations ST labor, Gross Margin \$'s and Plant Property and Equipment as a % of the Corporations same categories at 33% each. LoadWatch has no Plant Property or Equipment.

For budgeting purposes, DTE assumes future periods are consistent with the most recent actuals. No formal five-year projection exists for these programs.

Rule 12(1)(e)

Utilities shall file the code of conduct annual report information required under section 10ee(6)(c) and (15), 2016 PA 341, MCL 460.10ee, no later than April 30 of each year in the docket in which the utility filed its notification for a new program or service, or in a new docket for an existing program or service. Code of conduct annual reports shall include all of the following:

(e) A balance sheet, where available, and income statement for each value-added program and service offered by an affiliate or other entity within the corporate structure, including revenues, less direct and indirect expenses broken out separately. Direct and indirect revenues and expenses shall be separated by category and then aggregated at the direct and indirect levels, and the report shall include gross income, amounts flowed back to ratepayers to reduce rates, and net income. Each category of indirect cost should be accompanied by formulas / calculations / allocations showing how they have been derived.

RESPONSE

No balance sheet is available for either LOAD|Watch, Surge Protection, TreeGuard, or Decorative Post Lamp.

See the Company's response to Rule 12(1)(c) above for an income statement of the four DTE Electric VAPS programs, which includes direct and indirect revenues, expenses, and how costs are derived.

LOAD|Watch, TreeGuard, Surge Protection, and Decorative Post Lamp revenue and expenses are not included in the determination of DTE Electric's rates. These program's revenue and expenses are flowed through Other Income and Deductions.

Rule 12(1)(f)

Utilities shall file the code of conduct annual report information required under section 10ee(6)(c) and (15), 2016 PA 341, MCL 460.10ee, no later than April 30 of each year in the docket in which the utility filed its notification for a new program or service, or in a new docket for an existing program or service. Code of Conduct annual reports shall include all of the following:

(f) General ledger and trial balance for each value-added program and service shall be provided to the commission staff separately on a USB thumb drive or other appropriate technological device with formulas intact.

RESPONSE

No general ledger or trial balance is maintained for the LOAD|Watch, TreeGuard, Surge Protection or Decorative Post Lamp VAPS.

Rule 12(1)(g)

Utilities shall file the code of conduct annual report information required under section 10ee(6)(c) and (15), 2016 PA 341, MCL 460.10ee, no later than April 30 of each year in the docket in which the utility filed its notification for a new program or service, or in a new docket for an existing program or service. Code of conduct annual reports shall include all of the following:

(g) The number and type of complaints received in the prior calendar year regarding code of conduct issues from customers, alternative electric suppliers, or any other person or entity, and a summary of the resolution of any complaint that occurred during the calendar year.

RESPONSE

No complaints regarding code of conduct issues were received by DTE Electric in 2022.

Rule 12(1)(h)

Utilities shall file the code of conduct annual report information required under section 10ee(6)(c) and (15), 2016 PA 341, MCL 460.10ee, no later than April 30 of each year in the docket in which the utility filed its notification for a new program or service, or in a new docket for an existing program or service. Code of conduct annual reports shall include all of the following:

(h) The number of times during the prior calendar year that customer information was provided to an affiliate or competing provider of an unregulated value-added program or service, the identity of the affiliate or competing provider, and a description of the information shared.

RESPONSE

During calendar year 2022, there were no known instances where customer information was provided to an affiliate or competing provider of an unregulated value-added program or service.

Rule 12(1)(i)

Utilities shall file the code of conduct annual report information required under section 10ee(6)(c) and (15), 2016 PA 341, MCL 460.10ee, no later than April 30 of each year in the docket in which the utility filed its notification for a new program or service, or in a new docket for an existing program or service. Code of conduct annual reports shall include all of the following:

(i) A description of the nature of each transaction with an affiliate or other entity within the corporate structure and of the basis for the cost allocation and pricing established in each transaction.

RESPONSE

DTE Electric routinely reports such transactions between its affiliates and/or subsidiaries. See Attachment 12(1)(i)-1, Pages 226B and 226.1B, "Receivables from Associated Companies," Attachment 12(1)(i)-2, Pages 260B and 260.1B, "Payables to Associated Companies," Attachment 12(1)(i)-3, Pages 358 through 359.1, "Summary of Costs Billed to Associated Companies," and Attachment 12(1)(i)-4, Pages 360 through 361.1, "Summary of Costs Billed From Associated Companies."

All of these attachments were taken from the MPSC Annual Report Form P-521 for the year 2022.

The description of the basis upon which cost allocations and transfer pricing have been established in these transactions and are contained in the "Subsidiary Company Master Service Agreement" and "Service Level Agreement – Shared Services," shown in Attachment 12(1)(i)-5.

Rule 12(1)(j)

Utilities shall file the code of conduct annual report information required under section 10ee(6)(c) and (15), 2016 PA 341, MCL 460.10ee, no later than April 30 of each year in the docket in which the utility filed its notification for a new program or service, or in a new docket for an existing program or service. Code of conduct annual reports shall include all of the following:

(j) Reports of internal audits conducted by the utility regarding transactions between the utility and its affiliates, or transactions between the utility and other entities within the corporate structure offering value-added programs or services.

RESPONSE

There were no internal audits regarding transactions between the utility and its affiliates, or transactions between the utility and other entities within the corporate structure offering value-added programs or services conducted during 2022.

Rule 12(2)

The annual report shall be signed by the designated corporate officer or a person responsible for each value-added program and service attesting to the accuracy of the information in the annual report and certifying that there is no cross-subsidization between regulated and non-regulated utility programs and services.

RESPONSE

The annual report has been signed.

Rule 12(3)

(3) Copies of federal income tax returns for utilities, affiliates, and, where applicable, other entities within the corporate structure who offer a value-added program or service, shall be available to the commission for inspection and review.

RESPONSE

Copies of federal income tax returns shall be made available to the Commission upon request.

Attachment 12(1)(i)-5

DTE ENERGY COMPANY Subsidiary Company Master Service Agreement

This Agreement, effective as of April 2, 2007 by, between and among DTE Energy Company (DTE) and all of its utility and non-utility subsidiaries, as they may be created or dissolved from time to time. For the purposes of this Agreement, The Detroit Edison Company and Michigan Consolidated Gas Company are "utility" subsidiaries. Most other subsidiaries of DTE are "non-utility" subsidiaries. This Agreement supersedes the prior Agreement on this subject dated April 20, 2004.

DTE Energy Company is a diversified corporation that includes utility electric and gas utility operations along with various non-utility subsidiaries. The majority of its employees, resources and facilities are dedicated to the utility businesses. DTE recognizes that certain work transcends subsidiaries. DTE also recognizes the business need for subsidiaries' resources to be shared and utilized by one another in the normal course of business. At the same time, DTE understands that no subsidiary can be allowed to benefit from this access and use common employees, resources and facilities without proper reimbursement to the subsidiary maintaining ownership of said resources and assets. To that end, the parties to this agreement establish this policy that governs transactions between or among the various DTE subsidiaries.

1. DTE and its subsidiaries agree that no utility subsidiary will subsidize any other utility or non-utility subsidiary.
2. DTE and its subsidiaries agree to maintain accounting, control and record-keeping systems that will help ensure that all transactions between or among subsidiaries will be appropriately identified, valued, billed and charges therefor paid.

Non-compliance with the state regulatory policy and procedures pertaining to transactions covered by this agreement is not acceptable and will be expeditiously remediated. Any issues regarding non-compliance with applicable regulatory policy and procedures will be reported immediately to appropriate management. The duty of management is to resolve any issues promptly. Where any management discretion may be exercised, the resolution shall be in favor of the utility subsidiary for the benefit of its customers.

AGREEMENT TO FURNISH SERVICES

Upon request and as available, a utility subsidiary shall furnish to a utility and/or non-utility subsidiary the products and services requested so long as providing them does not, in the sole judgment of the utility subsidiary, interfere with its primary obligation to provide utility services to the public. Non-utility subsidiaries may also be asked to furnish products and/or services to a subsidiary. General

corporate support services will be provided to all DTE subsidiaries by DTE Energy Corporate Services, LLC ("DECS").

The word "Recipient," when used in this Agreement, shall mean the DTE subsidiary that is receiving the product or service. The word "Provider," when used in this Agreement, shall mean the DTE subsidiary that is providing the product or service. The parties to this Agreement may render, and shall be appropriately compensated for, such products or services as agreed upon. Any such products or services shall be rendered subject to the terms and conditions of this Agreement.

The means by which DTE subsidiaries are to substantiate the scope and pricing parameters of particular agreements is through the use of a Contract, a Service Level Agreement, a Service Request Form or other appropriate documentation. The subsidiaries will determine which form of documentation fulfills their needs.

1. A Contract would be used to document a product or service arrangement of a broad nature that requires extensive description. A contract is usually between two parties and both parties will authorize the agreement. A subsidiary company contract is similar to a contract one would prepare with a third party company.
2. A Service Level Agreement (SLA) would be used to document a product or service arrangement of a broad nature that requires an average amount of description. As such, an SLA would often involve more than two subsidiaries and may require the authorization of the DTE Chief Executive Officer and/or other Senior Management representative on behalf of all the parties.
3. The Service Request Form (SRF) would be used to document a product or service arrangement that has a concise and specific nature. This is the simplest form of documentation that can be used to explain the nature of a subsidiary transaction.

CHARGES

Charges for Utility Subsidiary Products and Services: For all products or services provided to non-utility subsidiaries by a utility subsidiary under this Agreement, the Recipient shall pay the Provider for the labor, materials, and other expenses pertinent to such product or service at the fully loaded cost, or fair market value, whichever is greater. For services provided by one utility subsidiary to another utility subsidiary, Recipient shall pay the Provider the fully loaded cost of the product or service.

Charges for Non-Utility Subsidiary Products and Services: For all products or services provided to utility subsidiaries by a non-utility subsidiary (except DECS)

under this Agreement, the Recipient shall pay the Provider for the labor, materials, and other expenses pertinent to such product or service at the fair market value thereof or 10% over the fully loaded cost, whichever is less. For all products or services provided by DECS to utility subsidiaries under this Agreement, the Recipient shall pay DECS for the labor, materials and other expenses pertinent to such product or service at the fair market value thereof or fully loaded cost, whichever is less. Except for products and services provided by DECS, service provided by one non-utility subsidiary to another non-utility subsidiary, Recipient shall pay the Provider the negotiated price for the product or service. For all products or services provided by DECS to non-utility subsidiaries, Recipient shall pay DECS for the labor, materials and other expenses at the fully loaded cost.

Labor: All charges for labor services under this Agreement that are cost based shall be fully loaded and include direct labor costs plus an amount necessary to cover benefits provided to the employees rendering the services.

Third Party Vendors: To minimize inter-subsidary billing as much as possible, all statements from third party vendors for the provision of products or services that can be identified with a particular Recipient shall be addressed directly to that Recipient.

BILLING AND PAYMENT

Billing Methods: For unique products or services provided under this Agreement, Provider will supply Recipient with an invoice for the charge(s) due. Recipient shall pay the Provider by the statement due date. The invoice shall be rendered on or about the same time each month for services provided in the previous month, and shall be accompanied by information sufficient to identify the type and amount of products and/or services received. In the event that the Provider cannot render a statement based upon actual data, it may render the statement based on estimated data with any reconciliation using actual data to be reflected in the next monthly statement.

For services of a generalized nature routinely provided under this Agreement, a direct assignment process will be used to charge the Recipient. The direct assignment process will involve creating a cost pool from the various corporate support functions within DECS. The pooled costs at the DECS level, in addition to DTE O&M expenses, will be assigned to subsidiaries that use DECS services, based upon approved assignment formulas. Direct assignment costs will be posted automatically to each subsidiary's ledger as expenses and as accounts payable to DECS. Separate invoicing is not considered necessary to the process. A reconciliation document will be prepared each month showing the total amount billed by DECS and the amounts allocated and billed to each of the subsidiaries. The invoicing process described here may be modified from time to time, as needed.

Payment Disputes: In the event that a Recipient contests any portion of a statement for products or services, the total amount shall nevertheless be paid by the due date. The Recipient must then notify the Provider in writing, also by the due date, specifying the disputed charge. If the Recipient and the Provider cannot resolve the dispute within thirty days after notice of a disputed charge, the matter shall be forwarded to the Vice President and Controller of DTE for resolution. The decision rendered by the Vice President and Controller shall be binding upon the subsidiaries.

Late Payment: In the event that the Recipient does not pay the total amount due, interest on the unpaid amount will accrue each month at the average monthly market rate for A2/P2 commercial paper while the amount remains unpaid.

TERM

The term of this Agreement shall be period of one year from the date hereof and from year to year thereafter, unless superseded by a new agreement or revoked by the then current DTE Energy Company Chief Executive Officer or his designate.

NEW PARTIES

Any corporation, company, partnership or other entity that is controlled, directly or indirectly, by DTE or one of its subsidiaries will automatically become a party to this Agreement for any transactions with DTE or its utility and non-utility subsidiaries.

IN WITNESS WHEREOF, the parties hereto have caused this Agreement to be executed by their duly authorized officers as of the day and year first above written.

**DTE ENERGY COMPANY
Service Level Agreement
Shared Services**

This Agreement, effective as of April 2, 2007 by, between and among DTE Energy Company (DTE) and all of its utility and non-utility subsidiaries. This Agreement supersedes the prior Agreement on this subject dated April 20, 2004.

SHARED SERVICES

Corporate support employees of DTE Energy Corporate Services, LLC ("DECS") provide shared services to handle the general corporate support function for all DTE subsidiaries. The corporate support function performed by any one employee or department within DECS is not solely for DECS. To the contrary, the corporate support function of DECS transcends all subsidiaries within DTE. To this end, the parties to this Agreement recognize the business need to operate in an efficient manner using shared services. The parties agree to accept appropriate responsibility for costs incurred by DECS as outlined in this Agreement, regardless of the legal organizational structure within which the charges are incurred.

SCOPE

The following organizations or categories of services and charges within DTE are within the scope of the shared services model: Accounting; Finance; Financial Services; Risk; Tax and Treasury; Assistant to the Chairman; Audit Services; Common Process Governance; Controller; Corporate Communications; Corporate & Government Affairs; Corporate Planning & Analysis; Corporate Safety; Corporate Secretary; Corporate Security; Corporate Services; Customer Services; Environmental Management & Resources; General Counsel; Human Resources; Information Technology; Investor Relations; Market Intelligence; Office of Compliance; Operating Systems; Regulatory Affairs; Regulated Marketing; Strategy and M&A; Technology Investments; and DTE O&M. The organizations or categories of services and charges listed above are not exclusive, and the definition of corporate support may be modified from time to time.

CONTRACTS

If a subsidiary requests that DECS procure goods or services on its behalf from a third party, DECS will act as the subsidiary's agent and a DECS employee will execute the necessary contract(s) in the name of the requesting subsidiary. For purposes of executing a contract on a subsidiary's behalf, DECS employees shall have the signature authority levels set forth in DTE Energy Policy GV6 (Signature Authority for Contracts and Financial Transactions) and in effect on the date the contract is executed.

CHARGES

1. Direct charges may be incurred by DECS for specific categories of service requested by and for the benefit of a specific subsidiary within DTE. Direct charges would be incurred and billed pursuant to an authorizing document such as a contract or a service request form (SRF). Direct charges generally flow through the direct assignment process but, on an exception basis with management approval, can be charged directly to the affiliate entity that has requested the service.
2. Direct assignment includes those costs that are incurred by DECS for the general benefit of one or more subsidiaries of DTE. Most expenses for DECS' services will be charged using this direct assignment process and will be assigned using allocation methodologies that comply with generally accepted accounting principles and regulatory guidelines. These methodologies will be reviewed periodically to assure the continuing appropriateness of their application and parameters.

INVOICING

The direct assignment process will involve creating a cost pool from the various corporate support functions within DECS. The pooled costs at the DECS level, in addition to DTE O&M expenses, will be assigned to subsidiaries that use DECS services, based upon approved assignment formulas. Direct assignment costs will be posted automatically to each subsidiary's ledger as expenses and as accounts payable to DECS. Separate invoicing is not considered necessary to the process. A reconciliation document will be prepared each month showing the total amount billed by DECS and the amounts allocated and billed to each of the subsidiaries. The invoicing process described here may be modified from time to time, as needed.

SETTLEMENT

The DECS costs billed to subsidiaries must be settled on a monthly basis that will be facilitated through the use of Intercompany Loans.

DISPUTE RESOLUTION

Any dispute concerning the propriety of any cost assignment should be communicated immediately in writing to the Manager responsible for overseeing the process. If the dispute cannot be resolved within thirty days after it has been raised, the matter shall be forwarded to the Vice President and Controller of DTE for resolution. The decision rendered by the Vice President and Controller or his/her designate shall be binding. The initiation of the dispute resolution

process will not be a reason to delay payment of any charges that have been assigned.

TERM

The term of this Agreement shall be a period of one year from the date hereof and from year to year thereafter, unless superseded by a new agreement or revoked by the then current DTE Energy Company Chief Executive Officer or his/her designate.

NEW PARTIES

Any corporation, company, partnership or other entity that is controlled, directly or indirectly, by DTE or one of its subsidiaries will automatically become a party to this Agreement for any transactions with DTE or its utility and non-utility subsidiaries.

IN WITNESS WHEREOF, the parties hereto have caused this Agreement to be executed by their duly authorized officers as of the day and year first above written.
